

## Expand your office. Connect from anywhere, every time, with Qwest.

If you are frequently away from the office, or if you travel, you know that a missed phone call, e-mail or critical data can mean a missed business opportunity. Now with Qwest® OneFlex® Smart Connect, you can answer the needs of customers from almost anywhere. Qwest OneFlex Smart Connect is an all-in-one, scalable and flexible turnkey solution tailored to meet your unique business needs. Smart Connect combines all of your local, long distance and Internet needs into one powerful, integrated and managed communications platform — you get the best of both worlds in one simple and cost-effective solution.

OneFlex Smart Connect simplifies your advanced communications, so you can respond to your customers quickly and easily. You make local and long-distance calls using an Internet connection, which gives you the flexibility to manage calls and voice mail with just a few clicks of the mouse. With Qwest OneFlex Smart Connect, you can route calls to follow you wherever you go.

**Qwest OneFlex Smart Connect exceeds all your communications expectations:**

**Scalability:** Qwest® manages the platform that enables the growth of your business—without an expensive equipment overhaul. And per-station/per-seat pricing with a capacity of up to 48 stations gives your business room to grow.

**Flexibility:** A Web-based portal gives you control to manage your local, long distance, voice and office features to meet the real-time needs of your business so you can respond to your customers quickly and effectively.

**Reliability:** A solution you can count on. This network-based product delivers functionality to your business with dedicated T-1 Internet access and industry-leading quality of service backed by service-level agreements and 24/7 telephone technical support.

**Affordability:** A cost-effective communications solution. When you combine Internet and phone service into one managed solution, your business saves big. Compare Qwest OneFlex Smart Connect costs to other providers.

### **OneFlex Smart Connect is your communications solution.**

Qwest OneFlex Smart Connect brings it all together, integrating your voice and data communications over a single, reliable network service to meet the unique needs of your business today and tomorrow.

See reverse side for offer details.

Make the most of opportunities today and tomorrow with this all-inclusive, cost-effective, scalable and flexible communications solution.
